In Statement No. V received with Sl. 16, under "fodder" '17 cart loads and 3000 lbs' in Col. 3 and '53 cart loads and 11800 lbs' in Col. 4 are entered. The ~~italicised~~ portions underlined are not easily intelligible.

In Statement No. IV of Sl. 18, Against "horse vehicles at 5 maunds" under Column "Within 4 hours" 10 is given while no figure is shown under Column "Within 24 hours". This has to be explained.

The nos. in this appears to be identical with the nos. of cart loads though calculations do not agree. For want of time this cannot be checked. The figures may be accepted if they are in keeping with those of the other Dists.

My dear Mr.Ramaswamayya,

Your D.O.No.G.7330/G.M.287-10-4 dated 15th June 1911 regarding the Armed Police in the Mysore State.

I enclose herein a statement furnishing the particulars required. In this connection kindly see this office letter No.4902/412 dated 20th January 1911 to the Secretary to Government (Military Branch) with which a statement showing the 'Armed Police' in the Mysore State has been forwarded:

The Bangalore Special Reserve Force

(30)

Force is, strictly speaking, the only 'Armed Police' in the State and particulars regarding the castes of the men comprising it have been given in the statement. The total number of these men is 188.

In the Kolar Gold Fields whose total strength of Police is 274, there are only 74 smooth-bore Breech-loaders and 8 revolvers and these are used by available men when occasion arises. Hence it is not possible to furnish castewar particulars of the Armed Police. However castewar particulars of the whole Force have been furnished in the statement.

Yours sincerely,

Armed police in Mysore State.

D.O. No. 39.

Deputy Commissioner's Office,

Bangalore, 21st July 1911.

Dear Sir, G.M.F.287-10-24

Please refer to your D.O. letter No. G.382 dated the 18th instant, re the revision of the -- Local Defence Scheme of the Bangalore Brigade area.

The figure 60 may kindly be inserted in the "statement of Transport" No. IV under column "within 24 hours" against "horse vehicles at 5 Maunds". Owing to the figure "2" in "24" having been blurred in the form of the statement received from the Secretariat, it was construed that information as regards the number of horse vehicles at 5 maunds that could be supplied "within 4 hours" was required to be furnished. The figure 10 given in the previous statement may therefore be scored out.

In statement No. VIII "Stores of Explosives" under B Form - To possess and sell - the number 400 shown against cartridges may be taken as equivalent to

90-91

(91)

to 17 lbs. approximately.

Yours Sincerely,

To

Bangalore, the 31st August 1911.

My dear Dewan Sahib

With reference to Mr. Balasundaram Iyer's letter Pol.No. 93, dated 24th July 1911, I am desired to ask if you could kindly furnish me with the number of Europeans and Eurasians in each district in Mysore with the exception of Kolar, differentiating between males between the ages of 15 and 60 years and others. Colonel Daly would be much obliged if you would treat the matter as urgent. In view of the fact that the census has just been completed, it is hoped that the matter will not present much difficulty.

Yours Sincerely

Bangalore, 5th August 1911

Dear Sir,

With reference to your No. C 803-G.M.287-18-29 dated 4th August 1911 (Secret and urgent) asking me to furnish you with certain information regarding Europeans and Eurasians in Mysore State excepting Kolar District, I beg to state that the information has to be extracted from Imperial Tables VII, XVII and XVIII, the age periods specified in your note not being identical with those in Table XVIII. These Tables will, I hope, be ready by the end of October.

D. O. No. 14 Office of the Census Superintendent in Mysore,

Dated, Bangalore, the 7th August 1911.

Dear Sir,

In continuation of my D. O. letter No. 12 dated 5th August 1911 to Mr. B. Narayanaswamiengar re the furnishing of certain statistical information about the Europeans and Eurasians in the State, I beg to state that there are two methods by which the information may be obtained, i.e., either by interpolation for age period 15-60 from either Imperial Tables XIV or XVIII where the age periods are given as in the margin * or by modifying the sorters' ticket for Imperial Tables XIV & XVIII so as to give the figures for the age period 15-60 by splitting 50 and over into two periods 50-60 and 60 and over. The figures obtained by the first process will only be approximate; while the figures obtained by the second process will be accurate. But either process will take time while no special process is required for giving the figures as contained in Tables XIV or XVIII.

* Table XIV, 0-12, 12-15, 15-20, 20-40, 40 & over
Table XVIII, 0-12, 12-15, 15-30, 30-50, 50 & over

In these circumstances, I beg to enquire whether the information by the age periods in Tables XIV or XVIII will suffice or whether the information according to the age periods mentioned in Mr. B. Narayanaswamiengar's letter is specially required. If the latter, the sorters' Ticket and compilation register which have been already printed have to be altered to get the requisite statistics.

Yours sincerely,
